### Tithing, or Percentage Giving

Tithing is the Biblical response to those asking the question, “How much is enough?” Some have distilled the various biblical passages to suggest that the tithe is around 10% of your income (however you wish to determine it), and our diocese and much of the greater Church has adopted that as the standard for one’s faith life. *More important than an actual percentage, though, is to find the amount that actually affects you spiritually. The goal of tithing is to bring about spiritual health. 10% seems to be that amount for most people.*

Here’s a chart for determining a Annual/Weekly pledge based on a percentage of income.

Annual Income	Weekly Income	10% Annual Pledge	10% Weekly Pledge	5% Annual Pledge	5% Weekly Pledge	3% Annual Pledge	3% Weekly Pledge
\$10,000	\$192	\$1,000	\$19	\$500	\$10	\$300	\$6
\$30,000	\$577	\$3,000	\$58	\$1,500	\$29	\$900	\$17
\$50,000	\$962	\$5,000	\$96	\$2,500	\$48	\$1,500	\$29
